

Mikhail Lermontov Penetration Dive Guide

Shows entry and exit points and area covered during penetration dives.
For more detailed penetration plans talk to Go Dive Marlborough.

Guide Key: Minimum Requirements

- Open-water diver, Go Dive Instructor guided (18m depth limit)
- Advanced Open-water, Go Dive Instructor guided or unguided wreck certified
- Advanced Wreck divers or equivalent
- Uncharted territory or areas not normally penetrated due to extremely hazardous conditions

All penetration dives need to be preceded by at least 1 familiarization dive on the outside of the wreck.

NOTE: This is only a guide and Go Dive Marlborough takes no responsibility for its accuracy. Only experienced wreck divers should attempt penetrating the Lermontov without an experienced guide. The Lermontov is not a scuttled wreck prepared for divers, safe penetration dives require good planning and appropriate equipment.
